

Minnesota Off-Road Cyclists (MORC) maintains 40 miles of mountain bike trails in Minnesota, and we're working to build over 60 miles of new trail throughout the state. MORC volunteers keep trails like Theodore Wirth, Lebanon Hills, Terrace Oaks, Battle Creek, Harmon Park and Minnesota River Bottoms open, partnering with land managers to improve existing trails and add new ones.

In 2005, MORC invested over \$74,000 in Minnesota mountain bike trails. This year, we're counting on your support to help us protect trails, build sustainable new singletrack, and give mountain bikers a voice in land use and access discussions. **If you love the thrill of riding a new trail, join today and keep MORC working for you.**
